## **EXHIBIT A**

### **Request for Proposal**

**RFP No. EPS21501-0023-001**

### **Transportation and Disposal Services**

**Niagara Falls Boulevard Site  
Niagara Falls, NY  
May 25, 2016**

Guardian Environmental Services Company, Inc. (GES) has been tasked by the United States Environmental Protection Agency (EPA) Region II to conduct a removal action at the Niagara Falls Boulevard Site located at 9450 Niagara Falls Boulevard in Niagara Falls, NY. The Scope of Work required under this RFP or contract is for the subcontractor(s) to provide all labor, equipment, materials, supplies, and permits necessary to properly perform transportation and disposal as described below in Section A.2.1 from the EPA, Region II, Niagara Falls Boulevard site. A description of the scope of work to be performed is provided below in Section A.2.

#### A.1 Site Information

Site Name: Niagara Falls Boulevard

Street Address: 9450 Niagara Falls Boulevard  
Niagara Falls, NY 14304

Situation: GES is currently performing site cleanup activities as the prime contractor for EPA Region II at the Niagara Falls Boulevard Site in Niagara Falls, NY. In order to perform cleanup, GES requires non-hazardous debris be removed from site for off-site disposal at a CERCLA acceptable facility. The facility and transporter must have all applicable permits, licenses, etc. to perform this work.

#### A.2 Scope of Work

The chosen vendor will provide disposal services for the types of waste listed in the table below. It should be noted that these are estimated volumes and there is no guarantee of the full amount of items being awarded to the selected vendor(s).

##### A.2.1 Description

Item	Description	EPA Hazardous Waste Codes	Approximate Quantity	Unit Measure
1	Disposal of Non-Hazardous Debris	None	0-60	Ton
2	Transportation of Line Item 1 via 30 Yard Rolloff Boxes	NA	0-4	Load
3	Spot Fee	NA	0-1	Each
4	Daily Rental	NA	0-30	Day
5	Demurrage – Allow 2 free hours load time	NA	0-2	Hour
6	Taxes (State, County/Local)			

**Line Item 1** – is for the disposal of non-hazardous debris. Debris will consist of clean trash and building debris to include concrete, drywall, and framing materials.

**Line Item 2** – is for the transportation of Line Item 1 via 30 yard rolloff boxes. Rolloffs must arrive on-site clean and empty of debris. All drivers and vehicles must have legal permits and all applicable licenses to haul this material.

**Line Item 3** – is for the fee for the delivery of the rolloff boxes. If the delivery of a box coincides with the pick-up of a box, no fee will be charged. The subcontracted transporter must be capable of spotting/removing rolloff boxes to/from site within 2 working days' notice from GES.

**Line Item 4** – is for the daily rental charge for the rolloff boxes.

**Line Item 5** – In the event that Demurrage is incurred during the loading of this waste. GES requires subcontractor to allow two (2) free hours of load time. Award of this RFP will not be based on this line item, but the unit rate and extended rate will be included in the not-to-exceed value of the awarded subcontract. See Section A.6.4 Demurrage.

**Line Item 6** - GES is not tax exempt therefore all applicable State and Local taxes must be included in this line item. Tax should be applied for the state where the waste will be disposed of.

### A.3 Schedule

GES anticipates needing boxes spotted near the end of the week of May 30, 2016. See Section A.5, Liquidated Damages, below for penalties associated with not meeting the deadlines outlined in this section.

Within sixty (60) days of waste shipment all waste disposal must be complete and all certificates of disposal and completed invoices received (must include at a minimum: all related executed manifests and all certificates of treatment, storage and disposal not previously received by GES and weight tickets as appropriate). **For any delay in the waste disposal or receipt of deliverables, payment will be reduced by 5% of the total invoiced amount under this subcontract for each 30-day period, beginning on the first day of each 30-day period.**

### A.4 Health and Safety

Subcontractor organizations are responsible for safely performing their assigned work activities in accordance with all applicable federal, state, and client-specific occupational safety, health and environmental (SH&E) regulations and requirements. Subcontractors will be provided with GES's project-specific SH&E documentation for the specification of minimum acceptable on-site SH&E performance. Subcontractors are responsible for ensuring that their employees and any contract employees are provided with the appropriate SH&E information, equipment and training. All equipment brought onsite must meet all applicable federal, state, and local regulations. The Subcontractor will be solely responsible for the safety of their employees and meet, at a minimum, regulatory standard compliance of 29 CFR parts 1910 (General Industry).

- ☐ Any cost or schedule impacts resulting from a subcontractors' non-compliance with applicable SH&E regulations and requirements or GES operational procedures are the responsibility of the subcontractor.

Subcontractors work activities associated with the setup, maintenance and removal of all equipment and performance of tasks must comply with federal, state, and local regulations. Subcontractors must at all times when on the project worksite, subcontractor personnel will wear, at a minimum, Level D personal protective equipment (PPE) to include the following, regardless of existing site conditions or hazards:

- ☐ Long pants and short sleeved or long sleeved shirts
- ☐ Hard hats
- ☐ Safety glasses (ANSI Z87.1-1989)

- ☐ Safety-toe work boots (ANSI Z41.1-1969) – protection of the ankle areas is required
- ☐ Highly-reflective safety vest (when working around mobile equipment, in high traffic areas, or around vehicle traffic)

The Subcontractor is solely responsible for the safe performances of all agreed services by its employees and/or subcontracted service providers and implementation of any appropriate/ required written health and safety documentation. All work will be performed in accordance with applicable federal, state, and local regulations governing health and safety, including the health and safety rules established for the site. The Subcontractor must take all steps and precautions to prevent accidents and/or injuries to site personnel, visitors surrounding environment and community. The Subcontractor will immediately report all injuries, illnesses, and accidents to the GES Project Manager and provide follow-up documentation as required by the HASP (Health and Safety Plan).

### **A.5 Liquidated Damages**

For any delay in the acceptance of the waste from the site, not due to acts of GES, or other factors outside of the subcontractor's control (such as inclement weather, floods, acts of war, etc.) a reduction in the total charge for services will be **\$1500.00** per day, for each additional day the waste remains on site (see A.3 Schedule). For any costs incurred by GES due to subcontractor non-performance, costs incurred will be deducted from the subcontractor's invoice.

For any delay in the waste disposition or the receipt of the certificates of disposal will result in a reduction of total payment by 5% per each 30-day period.

If liquidated damages are invoked GES will deduct the charges from the subcontractor's invoice prior to payment and notify the subcontractor in writing.

### **A.6 Additional Requirements**

#### **A.6.1 CERCLA Compliance– This section must be completed.**

Vendor's proposed facilities must comply with the CERCLA off -site rule (Subcontract clause 3.1). The facility(ies) accepting the waste must be in compliance with the CERCLA OffSite Disposal Rule (40 CFR 300.440 as stated in Federal Register Vol. 58, No. 182, dated September 22, 1993) and must have all required permits. All intermediate facility(ies)/Treatment, Storage, and Disposal Facility(ies) (TSDF) at which waste stops en route to the final disposal facility must also be listed and in compliance with the off site policy. If, at any time during the duration of this contract, the TSDF or ultimate disposal facility receives notice that it is not or may not be in compliance with the CERCLA Off -Site Disposal Rule, the subcontractor shall notify Janelle Kite with GES immediately by phone call and in writing. In any event, GES shall have the right to unilaterally terminate this contract.

#### **A.6.2 Deliverables**

The subcontractor must supply GES with the following documentation.

##### **A.6.2.1 Manifest**

The subcontractor must provide fax/electronic copies of unsigned, completed manifests to Janelle Kite of GES located at 70 Albe Drive, Newark, DE 19702 at least three (3) days prior to shipment of the waste. GES must review and approve the manifest before submission to site. GES requires the unsigned, completed manifests to be delivered to site at least one (1) day prior to the shipment of the waste. For any delay in the receipt of the fax/electronic or site manifests, liquidated damages will accrue at twenty dollars (\$20.00) per day until all manifests are received. The subcontractor must provide a photocopy of all fully executed manifests to GES prior to invoicing; invoices will not be paid until these are received.

##### **A.6.2.2 Certificates of Disposal**

Certificates of disposal from the final facility must be sent to Janelle Kite of GES at 70 Albe Drive, Newark, DE 19702. If waste is accepted at one facility and is disposed of at another, the certificates must be from the final disposal facility. If waste is treated at one facility and remains of the waste are sent to a second facility, GES must receive a certificate of treatment from the first facility and a certificate of disposal from the final facility(ies). Certificates of disposal must include the number of the manifest when the waste was transported off site, as well as a description of the waste as reported on the manifest. Certificates must be received by GES within sixty (60) days from date of receipt of waste from site. Invoices will not be paid until these are received.

### **A.6.3 Off-Specification Material (Off-Spec)**

In the event that any Off Spec material arrives at the disposal facility, prior written authorization must be given by Janelle Kite located at 70 Albe Drive, Newark, DE 19702 of GES before any additional charges are authorized to be incurred. GES defines Off Spec materials based on the composite analytical representing a particular waste stream. GES will not acknowledge load-specific surcharges. Before GES will authorize any additional cost, the contractor WILL provide in writing on company letterhead a statement certifying that the waste is Off Spec waste. The signatory person of this written statement must have the authority to bind the subcontractor's company legally. In addition to the statement that the waste is Off Spec, the written notification WILL include the reason the waste was deemed Off Spec. The reason WILL include how the waste was profiled and which parameter on the profile was incorrect. If the waste is deemed to be Off Spec due to its chemical nature, the Off Spec Notification must be accompanied by hard copy analytical data from the laboratory performing the testing that determines when materials are Off Spec. In this circumstance, it will be the subcontractor's responsibility to provide (if requested by the GES Response Manager) a thirty two ounce (32 oz) sample of the Off Spec waste at no additional cost to GES. If the waste is Off Spec due to physical characteristics, the vendor must provide photo documentation of the waste.

### **A.6.4 Demurrage**

Please allow for two (2) free hours of loading prior to demurrage charges being applied per event, i.e. delivery or live-load event. Prior written approval must be received before any cost can be incurred. GES will not pay any demurrage cost without written documentation of when the truck arrived and when the truck departed the site or facility. GES will not pay more than five (5) hours demurrage per day and will not pay demurrage for more than four (4) days in any seven (7) day period. A day is defined as twenty four (24) consecutive hours. If the bid is for transportation and disposal, then it is the subcontractor's responsibility to schedule the waste into the disposal facility. GES will not pay demurrage at the facility unless the waste is outside of the parameters specified on the waste profile.

### **A.6.5 General Requirements**

All EPA and DOT documentation, manifesting, marking, and permitting requirements, including but not limited to waste profiles, manifests, certifications of disposal, hazardous and solid waste transporter permits, decals, labels, and DOT placards are the responsibility of the subcontractor.

A representative from the subcontractor must be available, by telephone, during loading operations to coordinate the loading and offsite transportation activities with the GES Transportation and Disposal (T&D) Coordinator. The subcontractor will be required to adhere to the *Service Contract Rates* as outlined in Exhibit E of this subcontract agreement for all personnel working on this project.

All transportation scheduling and operations are to be coordinated with the GES T&D Coordinator, to limit potential demurrage time during loading operations and to minimize interference with site operations.

The original certificates of receipt (signed manifests) by the disposal facility must be returned to GES within seven (7) business days from the shipping date.

The period of performance for this Subcontract is anticipated to be 'Upon Receipt of the Notice to Proceed' through April 28, 2017. The GES T&D Coordinator will coordinate the exact date(s) with the selected Subcontractor(s).

#### A.6.2 Deliverables

The subcontractor must supply GES with the following documentation.

##### A.6.2.1 Manifest

The subcontractor must provide fax/electronic copies of unsigned, completed manifests to Janelle Kite of GES located at 70 Albe Drive, Newark, DE 19702 at least three (3) days prior to shipment of the waste. GES must review and approve the manifest before submission to site. GES requires the unsigned, completed manifests to be delivered to site at least one (1) day prior to the shipment of the waste. For any delay in the receipt of the fax/electronic or site manifests, liquidated damages will accrue at twenty dollars (\$20.00) per day until all manifests are received. The subcontractor must provide a photocopy of all fully executed manifests to GES prior to invoicing; invoices will not be paid until these are received.

##### A.6.2.2 Certificates of Disposal

Certificates of disposal from the final facility must be sent to Janelle Kite of GES at 70 Albe Drive, Newark, DE 19702. If waste is accepted at one facility and is disposed of at another, the certificates must be from the final disposal facility. If waste is treated at one facility and remains of the waste are sent to a second facility, GES must receive a certificate of treatment from the first facility and a certificate of disposal from the final facility(ies). Certificates of disposal must include the number of the manifest when the waste was transported off site, as well as a description of the waste as reported on the manifest. Certificates must be received by GES within sixty (60) days from date of receipt of waste from site. Invoices will not be paid until these are received.
